# 사랑의 불시착! 愛の不時着

## あいのふじちゃく

"사랑의 불시착" is a South Korean drama that aired in 2019. Directed by 이효정 and written by 박지은, the drama tells the story of Yoon Se-ri, a chaebol heiress and CEO in the fashion industry, who crash-lands in North Korea after a paragliding accident during a storm. There, she meets Ri Jeong-hyuk, a top-class army officer who ends up protecting her and falling in love with her under absolute secrecy.

윤세리 crash-lands in North Korea, a country divided by a turbulent history, after a paragliding accident. If we were in a situation like Yoon Se-ri's, I wonder if we could endure it well. I think North Korea, as we know it, would be unsettling and frightening. However, this divided nation setting was utilized to create an interesting drama with a special and unexpected romance! I look forward to more unique dramas from Korea in the future! I'm now curious and eager to learn more about Japanese dramas and related content created with unique ideas, like "Crash Landing on You"!
