과연 그들에게겐 무슨 일이?

A young man with short brown hair and black-rimmed glasses is standing in a bedroom. He is wearing a dark blue polo shirt with thin red and white horizontal stripes. He has a neutral expression and is looking slightly to his right. The room has warm, orange-toned walls. Behind him is a window with yellow curtains, and to the right, a framed picture hangs on the wall. The lighting is soft and indoor.

저녁 먹기 전 수학 문제 좀 풀고 먹을까요?

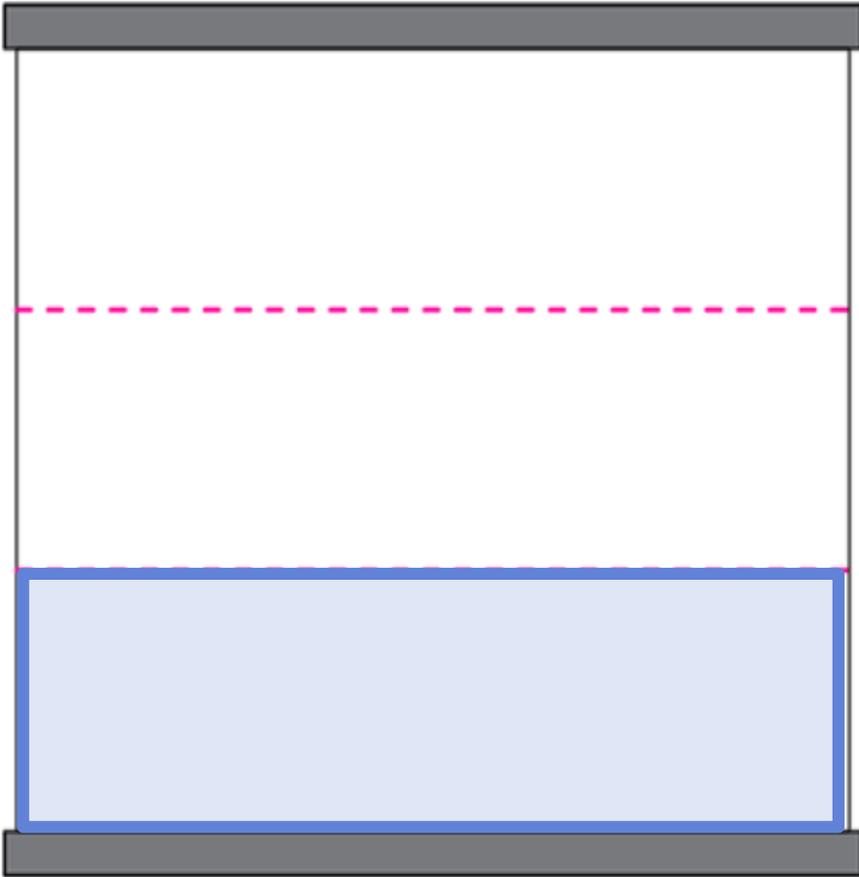

A man with grey hair, wearing a blue checkered shirt and a dark vest, is seated in the foreground. He has a serious expression. Behind him stands an older woman with white hair, wearing a colorful floral patterned blouse and a dark necklace. She is looking off to the side with a concerned or attentive expression. The background shows a staircase with a white railing and floral wallpaper.

피곤하지 않겠니? 그래, 그러자꾸나.

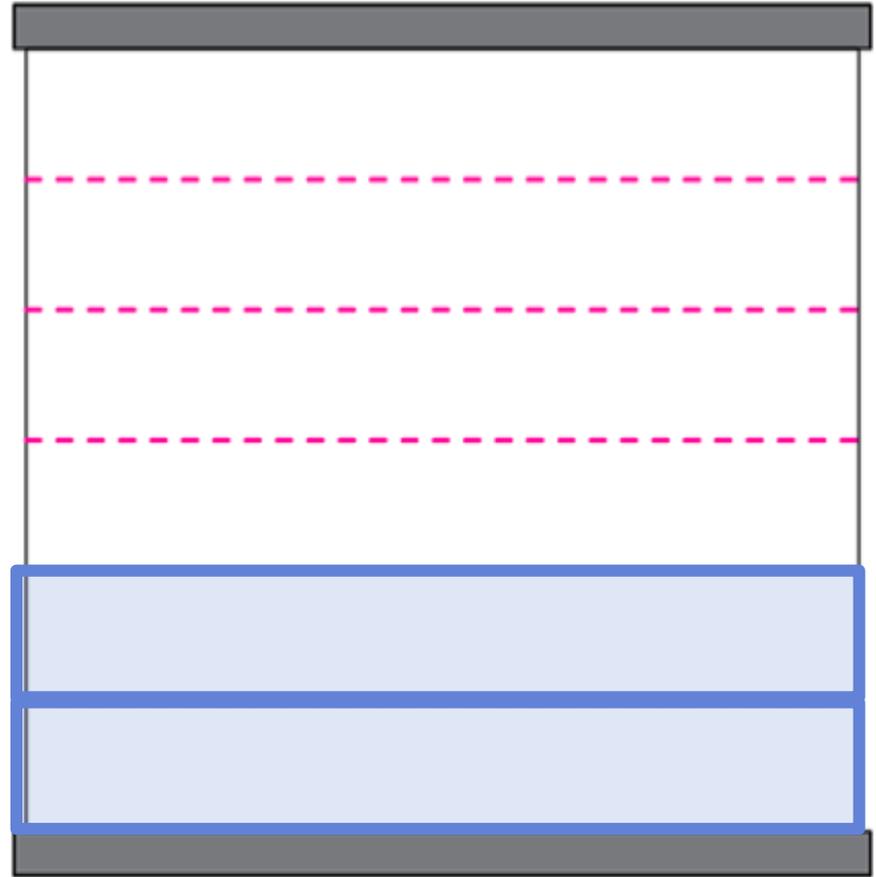

이런! 두 물의 양은 (같잖아. / 다르잖아.)

$$\frac{1}{3}$$

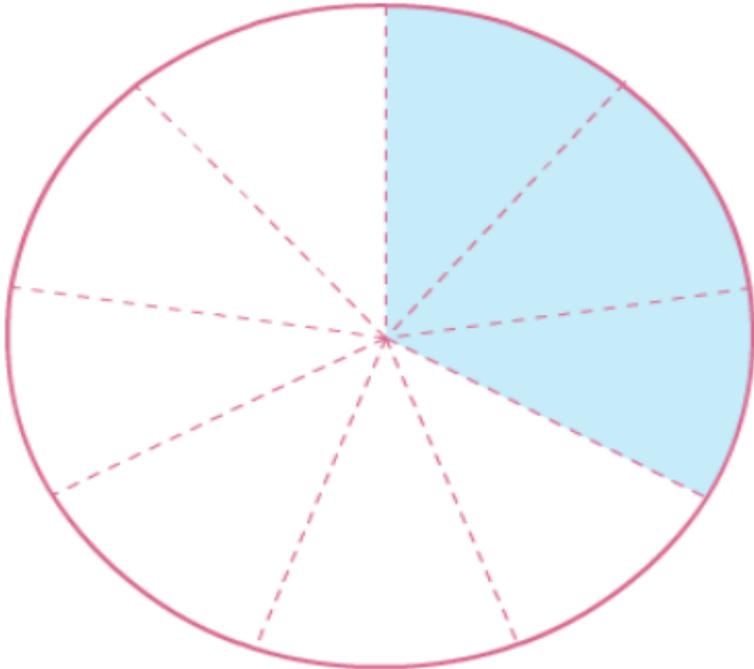

$$\frac{2}{6}$$

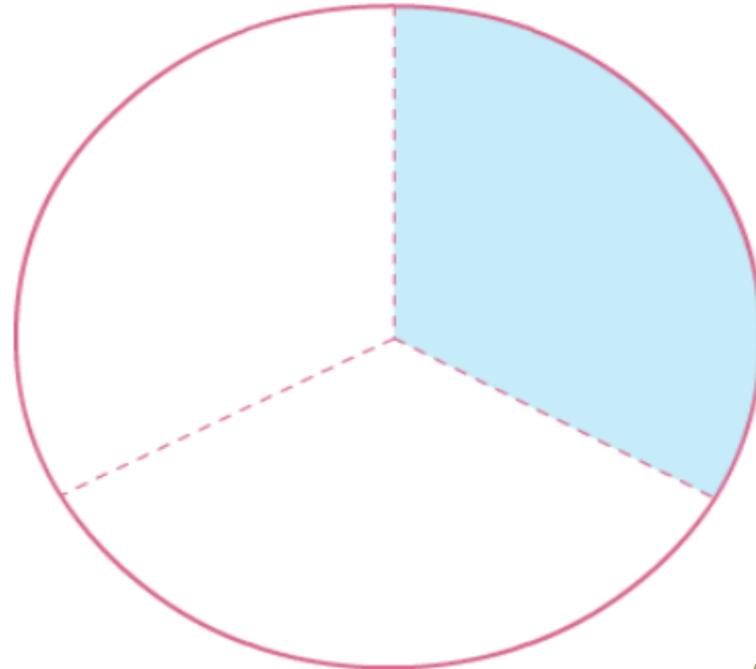

그리고 $\frac{1}{3}$ 은 3칸 중에 1칸이니깐 이렇게!

$$\frac{3}{9}$$

$$\frac{1}{3}$$

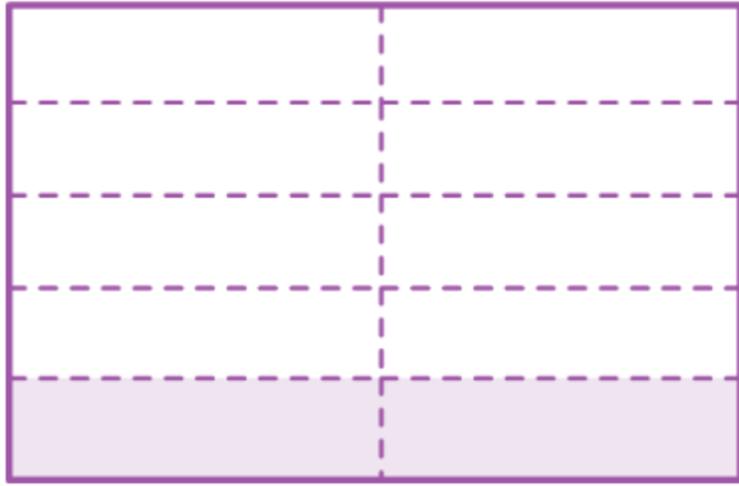

역시 숫자는 달라보여도 크기는
(같구나. / 다르구나.)

$$\frac{1}{5}$$

$$\frac{2}{10}$$

$$\frac{3}{15}$$

$\frac{1}{5}$, $\frac{2}{10}$, $\frac{3}{15}$은 크기가 **같은** 분수입니다.

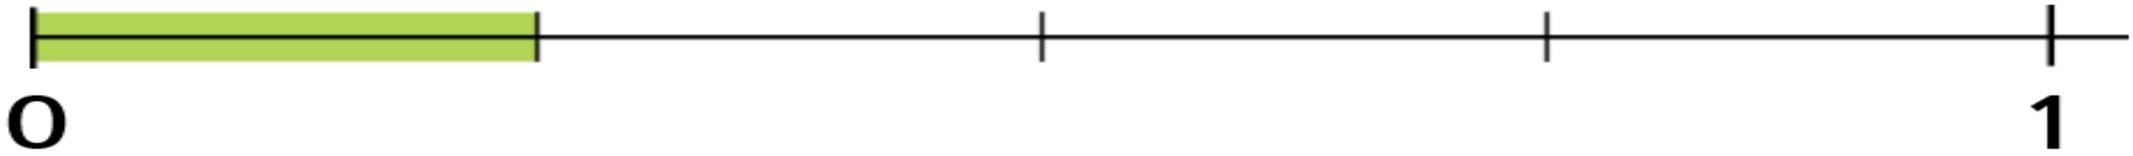

그럼 이렇게 약속해 볼 수 있겠군요.

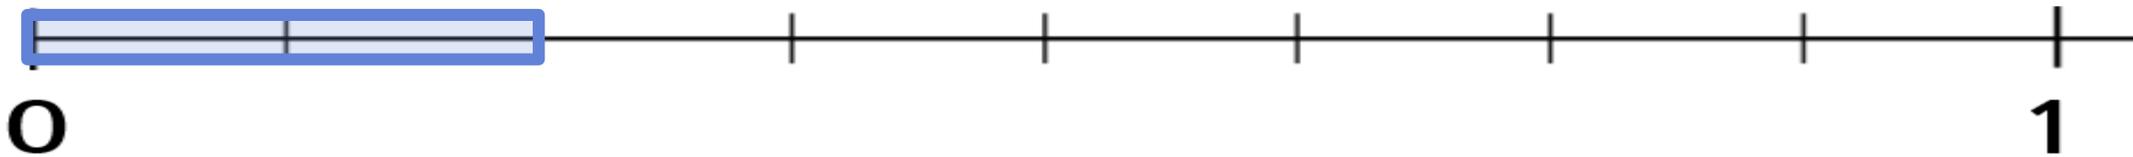

왜냐하면, 수직선에 표시한 길이가 모두 같기 때문이지.

◆ 분수만큼 수직선에 표시해 보세요.

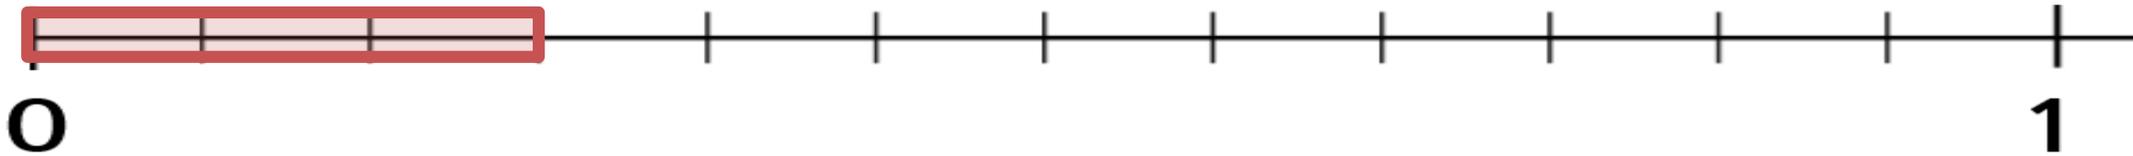

$$\frac{1}{4}$$

$$\frac{2}{8}$$

$$\frac{3}{12}$$

몸과 마음에 어떤 변화가 생긴다.

A man with brown hair and a white electrode on his forehead is shown in profile, looking intensely angry with his teeth bared. He is shirtless and appears to be in a laboratory or medical setting. A man in a light blue shirt, likely a doctor or scientist, is seen from the back, looking at the first man with a hand to his chin in a thoughtful or concerned expression. The background is dark with some metallic equipment.

감정의 신호등을 지키지 않고
자신의 뜻에 반대한 동료들을 없애는 노먼.

A young man with short brown hair and blue eyes is shown from the chest up, shirtless. He is holding a pair of black-rimmed glasses with both hands, looking directly at the camera with a neutral expression. The background is a cluttered room with blue walls, shelves filled with various items, and a window with light-colored curtains on the right side.
